

# MEN PAY TO SEE CALHOUN HANGED

Charge of Twenty-Five Cents Each is Made and a Ladder is Used.

ENTERPRISING MAN

Takes \$50 in That Way and Disappears before Officers Leave Duty.

HUNTINGTON, Pa., May 8.—Three hundred persons, 200 of whom are said to have paid twenty-five cents each for the privilege today witnessed the hanging of Frank M. Calhoun in the yard of the county jail here for the murder of Benjamin M. Galloup.

From her cell not twenty feet from the scaffold, Mrs. Galloup, who Calhoun declared conspired with him for the murder of her husband, saw the trap sprung.

Calhoun is said to have confessed that he killed Galloup because he carried \$2,000 life insurance and he and the woman were to have been married. Mrs. Galloup was arrested last Saturday.

The sheriff had invited about 100 persons to witness the execution but an enterprising citizen is said to have secured a ladder a short time before the hour for the hanging and collected twenty-five cents from each of the crowd surrounding the jail as he carried to mount the wall. He then disappeared with the ladder, and as the time for the execution had arrived, the authorities could not leave their duty to drive the sightseers away.

And An Expert Will Be Called in Sensation against O'Hara.

CHICAGO, May 8.—The missing register of the hotel Sherman in this city, which figured in a secret affidavit attacking the morality of Lieutenant-Governor O'Hara, chairman of the vice commission, was found today. It was produced upon the insistence of O'Hara who declared that it is part of a conspiracy formed in the underworld by persons whose income was threatened by his crusade against vice.

The affidavit states that last January O'Hara and a prominent young woman of Springfield registered at the Hotel Sherman as P. D. Duncan and wife. A Springfield millionaire and another woman are alleged to have observed the Duncan suite. A handwriting expert will compare the signature of Duncan with that of O'Hara.

# MILLIONS' WORTH OF PROPERTY DESTROYED BY SUFFRAGETTES IN THEIR FIGHT FOR SUFFRAGE

And the Cost of Protecting Property and Prosecuting Them. IS QUITE ENORMOUS

Their Campaign is Costing the Government at Rate of \$25,000,000 a Year.

LONDON, May 8.—The damage to property in the British Isles caused by militant suffragettes during the last three months amounts to about \$5,000,000 according to estimates made today by officials of Scotland Yard. To this sum, they say, must be added increased cost of protecting lives and property. Three detectives have been assigned to watch over each member of the cabinet while all suspected.

Persons are shadowed and all public buildings have been placed under special guard. Figured at this rate the suffragette activities are costing the country at least \$25,000,000 a year.

In police court today General (Mrs.) Drummond suddenly collapsed and fell in a heap on the floor of the prisoners' enclosure when proceedings under the malicious damage act were resumed against the suffragette leader. She was carried from the court room.

Another Branch.—According to Archibald Bodkin, the treasury counsel, who addressed the court, a circular was found in Miss Lenora Lennor's residence announcing the formation of a branch society called the Y. H. B. Inspector Lawrence, of Scotland Yard, explained to the court that the initials stood for "Young Hot Bloods." The society was to be composed of the younger members of the Woman's Political and Social Union and no married women were eligible for membership.

# SUMMERS IS INDICTED FOR EMBEZZLEMENT

Of \$30,000 of the Funds of a Bank of Which He Was the Cashier.

WHEELING, May 8.—In United States court, an indictment has been found by the grand jury against M. B. Summers, former cashier of the First National bank of West Union, for embezzlement of the funds and the falsification of the records of the bank of which he was an officer. The case will not be disposed of at this term. A plea of not guilty will be entered and a continuance moved, the defendant to give bond to the amount fixed by the court. The defendant's counsel is Judge T. A. Brown, of Parkersburg.

The return of an indictment in this case was a result anticipated by all who have followed the case.

Although the government has a strong case against the ex-cashier, a good deal of sympathy is felt for him, it being asserted that he did not benefit personally by a cent of the deficit which amounted to nearly \$30,000. This shortage was made up in full by Summers's bondsmen. Much interest is felt in the case in this city where the defendant is well known. He belongs to an excellent family, one of the pioneers in this part of the state.

There is a possibility that the case will be transferred to the Parkersburg docket and that it will come up for disposition at the coming June term of court there.

# TIRE TONIC

Demonstrations Are to Be Given in City Tomorrow Afternoon.

J. J. Parks, of Fairmont, state agent for Vulco tire tonic, will give demonstrations at 4 o'clock Friday afternoon at the plant of the Monticello Automobile and Garage Company here. He recently gave demonstrations at Fairmont before thousands of autoists who marveled that a tire into which nails had been driven did not lose its air.

Vulco is a liquid and is made in Cincinnati. A certain amount is ejected into each tire of the machine. It is claimed by its manufacturers that it is equally effective in hot and cold weather and that it preserves rubber rather than injures it and that it will not harden, evaporate or freeze. Chemical analysis proves, so it is claimed, that Vulco present in a tire will lengthen the life of an inner tube for the reason that it will prevent dry rot. The inventor of the tonic will be here to give the demonstrations.

# POWER OF PRESIDENT AS TO TARIFF RATES

Includes Negotiation of Increase if the Same is Warranted.

WASHINGTON, May 8.—A conference by manufacturers and producers called by the Illinois Manufacturers' Association was held here today to talk over the tariff situation and formulate plans for pressing some amendments when the Senate considers the Underwood bill. The object of the conference as set forth in a statement by Secretary J. W. Glenn is to deal with tariff revision as it is presented in the Underwood bill and to look particularly to the working of the paragraph which empowers the president to negotiate trade agreements of mutual concessions with foreign countries.

The manufacturers contend that if the president is given power to negotiate concessions in tariff rates he also is empowered to negotiate increases if they are warranted.

After the morning meeting, President Kirdy called at the White House and conferred with Secretary Tumulty about a formal protest he is to present to President Wilson against the much discussed provision of the sundry civil bill which prohibits the use of a certain appropriation for enforcing the Sherman law against farmers' and workmen's organization. Kirdy told the secretary that 200,000 business men would join in the protest. President Wilson has indicated that he would sign the bill.

The arrest was made just after a representative of the governor had told a group of miners that mine guards would not be permitted to go armed unless they had a license. A miner spoke up and told the speaker that an armed guard was present. John Moore, a special officer for the governor, searched Taylor and took his revolver from him.
